

Font Policy: PDF or PostScript Files

Effective **April 1, 2005**, all fonts must be embedded in PDF files submitted by customers for printing. We have determined that this practice will allow us to provide our customers with the highest quality service at a fair cost and with minimal time delays.

Font Policy: Application Files

Effective **April 1, 2005**, all screen fonts (bitmaps) and printer fonts (outlines) used with any particular job must be submitted by the customer. Edwards Brothers has licensed the Adobe Type I library for prepress operations. If a work incorporates other font(s), we will purchase a license for such fonts. Because we receive only the most recent version of any font, the actual fonts used in production must be submitted.

Font Substitution Waiver

If fonts cannot be furnished, a font substitution waiver is required, in writing. The waiver can be accessed at www.edwardsbrothers.com

Additional Information

Visit our website at www.edwardsbrothers.com for added information about Edwards Brothers Application Font Policy, licensed font libraries, and standard fonts. Or, contact your Edwards Brothers customer service representative.
